Together with a general assertment of shelf goods.

nort time, compel us to leave our good and prosper-ous city, and give these blood-thirting savages pos-This composition is not like others, dangerous when applied. There is no arsenic or any other ason about it, that could by any accident endanter the life of men. Even for your favorite Bolog-use or kitten, you need not be afraid, for it would not bert them if they should ent of it; but it will kill every rescally rat that tastes only a little of it, and they cannot help doing so, as the flavor of that deliency seems to be the "ne plus nitra" in their gastronomy. It has to be applied to a piece of bread of abent a square inch and about a quarter of an inch thick, and late in the evening-it wants to be put to a suitable place, rat-bole, or wherever they are used to hold their noccurred meetings. But to et them away enthely from our premises, we have o make use of this great pulls tive at once. There we, fellow-citizens, and particularly you, house owners and tenants, come all and buy my preparation and get rid of these molesting customers at mee.
